RE: **PERMIT #17405042**

Dear Mr. D'Ascensio:

In a document (copy enclosed) dated May 14, 1992 entitled "Revisions to Sewer Connection Permit", on Page 8 of 14; Section 2E, I quote:

"Requirements for Discharge of Pretreated Groundwater and Basement Seepage for Hexcel Corporation from 05/27/91 to 11/30/92:" etc., etc.

I believe the above quotation to mean that Fine Organics Corporation was granted permission by PVSC to discharge "Pretreated Groundwater and Basement Seepage" for a period of time that ended on 11/30/92. Please advise if my interpretation is correct or not.

Fine Organics Corporation has been operating under that interpretation and has not discharged "Pretreated Groundwater and Basement Seepage" since October 27, 1992.

Thank you for your assistance. Please contact me if you have any questions or comments.

Sincerely,

FINE ORGANICS CORPORATION
